克洛斯星系列

Desks and chairs

汇鸿克洛斯星系列，产品侧面采用类似“孔雀冠”作为设计元素图形，支撑脚具备张力的弧线，以及渐变格栅勾勒出孔雀形态。

曲线在具备张力同时还略带动感，让整个系列产品形态显得更具活力，映衬出学生时代青春活力。

相对于金属的冰冷坚硬，质地柔和的木质元素与金属元素巧妙结合，不仅相融互补，还避免金属给人带来的冰冷感。

Compared with the cold and hard metal, the soft texture of the wooden elements and the metal elements are cleverly combined, which not only blends and complements each other, but also avoids the coldness that metal brings to people.
